Do you need **HELP** in
**JAVA, C and Visual
Basic?**

*Join us every **Tuesday** from **12:00**
to 2:00 p.m. in LAB N414*

```
# include <stdio.h>
main ()
{
int n;
do
{
printf("input a number:");
scanf("%d",&n)
}while (n<0)
printf("user has entered a
positive number")
}
```
