Keys in the given specialisation column:

1st preference for the student

2nd preference for the student

3rd preference for the student

General summary:

Total number of students	177
Total number of students eligible for specialisation	150
Total number of non-eligible students for specialisation	27

Summary of total number of students in each specialisation:

Applied Chemistry	87 students
Applied Biology	41 students
Environmental Science	22 students
