26. There is efficient use of educational technology to run the program.	3.50
F. Graduates' attributes (For Alumni & Industry Only)	0.00
27. The graduates possess the attributes expected from their level of education.	0.00
28. The graduates can demonstrate the acquired attributes in their work place.	0.00
29. The graduates demonstrate keen interest in engaging in lifelong learning and self-development activities.	0.00
30. The graduates can easily adapt to the work environment.	0.00
31. The graduates are actively engaged in social service activities.	0.00
OVERALL SUBSCALE AVERAGE	4.14
32. What do you see as the strengths of this program/ graduates employed?	
Answer:	
The program structure (students, staff and alumni) worked together for the successful delivery of the program.	
33. What concerns you the most about the program/ graduates employed?	
Answer:	
Highly competitive and well-trained graduates are being produced; however, most of the graduates have less sense of self independence in learning.	
34. How do you think the program can be improved?	
Answer:	
Marking criteria must be revised/updated because the range is too favorable for having high to excellent marks.
